WHEREAS, Licensee is a repacker of Idaho® grown potatoes and desires to use the marks in connection with Idaho® grown potatoes repacked by it;

NOW THEREFORE, in consideration of the mutual covenants and agreements to be kept and performed as hereinafter recited, it is agreed:

1. The term of this Agreement shall be from **September 1, 2008 to August 31, 2009**, subject to renewal by mutual agreement, except as the terms of this Agreement provide that certain covenants shall continue to remain in force after August 31, 2009.

2. Licensor hereby grants to Licensee a nonexclusive right to use the marks in connection with the packing, marketing and sale of Idaho® grown potatoes and potato products as herein provided. Licensor grants this license as owner of the marks in its propriety capacity.

3. If Licensee uses the marks in connection with the packing of Idaho® potatoes, Licensee agrees to pack in containers bearing the "GROWN IN IDAHO®" and "IDAHO®" marks only Idaho® grown potatoes that meet U.S.D.A. fresh Potato Grades set forth in the Federal Marketing Order Regulation No. 945.341, including the following minimum quality requirements:

or such other grades or quality requirements as shall be provided by the Idaho Potato Commission. Licensee shall always use the marks whenever packing or repacking Idaho® grown potatoes. In no event shall Licensee use the marks on or in connection with containers containing any products other than Idaho® grown fresh potatoes meeting the grade and size standards set forth herein. To insure compliance herewith, Licensee agrees that all bulk Idaho® potatoes received by it for packing or repacking shall, in addition to the Federal-State Idaho inspection be inspected prior to being sold to the trade, by the Federal Inspection Service to determine compliance with the minimum quality standards identified herein, and such potatoes shall be covered by a valid inspection certificate showing the percentages of potatoes meeting U.S. No. 1 Grade, U.S. No. 2 grade and the percentage not meeting U.S. No. 1 or 2 grades. Upon Licensor's request, a copy of each inspection certificate shall be forwarded to Licensor at Post Office Box 1670, Eagle, ID 83616. Licensee agrees that it will have all bulk Idaho® potatoes inspected using the same standards and procedures as used by the Federal-State Inspection Service in Idaho. Licensee further agrees that Licensor may require federal inspections of Licensee's outgoing Idaho® potato shipments in order to assure compliance with this Agreement. All inspections are at Licensee's expense. No container may use the word Idaho or a derivation thereof as a brand. No container may depict the state of Idaho in any form unless the product packed therein is 100 percent Idaho® grown potatoes.

4. All of the Rules of Licensor are made a part of this Agreement and incorporated herein by reference. Licensee agrees to familiarize itself with said Rules and to comply with all provisions of said Rules, and any violation of any provision of said Rules will be considered a violation of this Agreement.

5. Licensee agrees that, in shipping Idaho® potatoes, it will not ship any empty containers displaying the marks in excess of the minimum number of such empty containers reasonably anticipated by Licensor to be necessary to replace containers damaged in such shipment.

6. Before Licensee commences use of the marks with respect to any packaging or containers, it shall send a sample of such to Licensor so Licensor can determine whether the marks are being used in a manner that complies with this Agreement. A copy of all documents that advertise or promote in any way the Licensee's use of Idaho® grown potatoes or potato products must be forwarded to Licensor prior to use by Licensee, so Licensor can determine whether the marks are being used in a manner that complies with this Agreement and Licensor's rules.

7. A contraction of the words "Idaho® potatoes" is permissible provided the whole word Idaho® is used, provided the contraction is consistent with accepted principles of English grammar, and provided further that the contraction is used within a context that indicates it is a contraction. The word "IDAHOS" shall not be used on any container of potatoes or potato products, nor in any advertising or other printed material.

8. To ensure compliance with the terms of this Agreement, Licensee agrees to deliver a compliance report as specified by Licensor showing the total quantity of potatoes packed as fresh potatoes in containers or packaging bearing the marks licensed herein. Licensee shall also provide Licensor with an annual report, broken down by month, amount and source, showing the inventory and usage of all containers bearing Licensor's marks. Failure to submit a complete compliance report prior to September 1 of each year for any preceding year shall terminate Licensee's privilege to use Licensor's marks. Licensee agrees that Licensor's authorized representatives may audit and inspect Licensee's records and inspect Licensee's plant(s) and operation(s) at any reasonable time. This audit and inspection authorizes Licensor to verify that no misbranding or mislabeling by Licensee has taken place. Licensee agrees to preserve all records for a minimum period of two years. Licensee represents that the only plant(s) at which it packs, repacks or processes potatoes in containers or packaging with the marks

licensed herein are at the addresses indicated at the end of this Agreement. Licensee agrees that it has no right to use the marks with respect to potatoes packed by it at any other location(s) unless prior to commencing packing of potatoes at such additional location(s), Licensee notifies Licensor and receives Licensor's approval in writing of such additional location(s). This license is valid only for facilities located outside the state of Idaho.

9. If any potatoes shipped in bulk or in containers do not meet the minimum quality requirements as set forth herein when inspected, such potatoes shall not be marketed or sold in connection with the marks until the potatoes are first reworked and reinspected in accordance with paragraph 3, and found to meet the minimum quality requirements. Potatoes not meeting the minimum quality requirements cannot be sold to a repacker, unless the repacker has a valid license to use the marks and the potatoes are reworked and reinspected to meet the minimum quality requirements. All packed or repacked Idaho® potatoes shall comply with Licensor's rules regarding variety labeling. Licensee must affirmatively determine that any recipient of Idaho® potatoes intending to or packing Idaho® grown potatoes holds a valid license to use Licensor's marks.

10. This Agreement is not assignable and Licensee shall have no right to grant sublicenses hereunder. Any attempt to assign or grant sublicenses will be a violation of this Agreement. No container may be packed for another party unless that party has a valid license to use Licensor's marks.

11. Failure to comply with any of the terms and/or conditions of this Agreement shall constitute a violation of this Agreement and may be considered an infringement of the marks. Licensor may terminate this Agreement upon violation by Licensee of any of the terms hereof. Termination of this Agreement shall be accomplished when Licensor gives Licensee notice by mail of such termination. Termination shall be deemed to have been given when notice in writing has been deposited in the United States mail in a sealed envelope with postage thereon prepaid and certified, addressed to Licensee at the address set forth at the end of this Agreement, or to such other address as Licensee may give Licensor in writing. In addition, Licensor may seek any relief in law or equity for violation of this Agreement or infringement of the marks, as may be appropriate.

12. Upon termination or nonrenewal of this Agreement, all the rights and privileges herein granted to Licensee shall cease and terminate and Licensee shall immediately cease the use of the marks in any manner whatsoever. Any materials or containers bearing or using Licensor's marks shall be immediately destroyed at Licensee's sole expense. It is expressly provided, however, that any obligation of the Licensee set forth in this Agreement, any administrative action, any cause of action for infringement of the marks, or for violation of this Agreement that Licensor may have against Licensee, shall survive the termination or nonrenewal of this Agreement, including the right to reasonable attorney fees and costs.

13. No failure of Licensor to exercise any power given to it hereunder or to insist upon strict compliance by Licensee with any obligation hereunder shall constitute a waiver of Licensor's rights to demand exact compliance with the terms hereof.

14. This Agreement is deemed to have been made in the state of Idaho as part of the transaction of business by Licensee in said state. Licensee agrees to submit to the jurisdiction and venue of the U.S. District Court for the District of Idaho, if Licensor chooses to bring any suit or action in such court against Licensee for infringement of the marks, or enforcement or breach of the terms of this Agreement and that the laws of the state of Idaho shall control the construction, interpretation and legal effect of this Agreement. Should Licensee institute suit against Licensor for any matter related to this Agreement, Licensee agrees that venue for such action shall be transferred to the U.S. District Court for the District of Idaho. Licensee agrees to submit to the administrative jurisdiction of the Idaho Potato Commission for any and all purposes permitted by this Agreement or law. Should Licensee institute any suit or action against Licensor for any reason, including but not limited to any matter related to this Agreement, any provision of this Agreement surviving termination hereof, Licensor's rules or Licensor's marks, this provision regarding jurisdiction and venue shall apply.

15. Licensee agrees that in the event that Licensor brings any administrative proceeding, suit, or action to enforce the terms of this Agreement, to prosecute a violation of this Agreement or Licensor's statutes or rules, to enjoin Licensee from an infringement of the marks, or from other violations of this Agreement or Licensor's statutes or rules, or to recover damages for breach of such Agreement or for such infringement or other violations, or, should Licensee institute any suit or action against Licensor for any reason, including but not limited to any matter related to this Agreement, any provision of this Agreement surviving termination of the License, Licensor's rules or Licensor's marks, that Licensor, in addition to any relief awarded administratively or by the Court, shall be entitled to its reasonable attorney fees and costs, including attorney fees and costs on appeal, if Licensor prevails. As used in this paragraph, this Agreement includes all terms of this Agreement during the period of the License and all terms that survive the period of the License.

16. Licensee agrees that the marks shown below are valid registered certification marks owned by Licensor and the Licensor has the sole right therein subject to such licenses as may have been granted to control the use of such marks. Licensee agrees that any use of the marks it has made in the past or will make in the future will not create in Licensee any right, title or interest in or to the marks, but such use will inure to the benefit of Licensor.

17. Licensee recognizes the great value of the goodwill associated with the marks, and acknowledges that the marks and all rights therein and goodwill pertaining thereto belong exclusively to Licensor, and that the marks have a secondary meaning in the mind of the public.

18. Licensee agrees that it will not during the term of this Agreement, or at anytime thereafter, attack the title or any rights of Licensor in and to the marks or attack the validity of this Agreement. Licensee hereby agrees to indemnify and hold Licensor harmless against any losses incurred through claims of third persons against the Licensee involving the packing, repacking, marketing, or sale of the Licensee's goods. Licensee further agrees to indemnify and hold Licensor harmless against any suit, cost or damages that may be imposed on the Licensor as a result of any proceedings instituted by any third party against Licensor arising out of any activities of Licensee pursuant to this Agreement.

19. Upon termination or nonrenewal of this Agreement, Licensee shall completely obliterate or cancel the marks on all containers, packaging or advertising, in Licensee's possession or control at the time of such termination or nonrenewal, at Licensee's sole expense.

20. Licensee may use the marks on its letterheads, business cards, website, and other business printed or non-printed material as well as in advertising, but the marks shall not be used for such purposes in connection with potatoes not grown in Idaho or, when packing or repacking potatoes, potatoes that do not meet the minimum quality requirements as set forth herein. For the same purposes and subject to the same conditions, Licensee may use the "GROWN IN IDAHO®" mark with the word "licensed" above and the word "dealer" below such mark.

21. Licensee agrees to comply with all the applicable terms and conditions of the rules promulgated by Licensor. Licensee is aware of the fact that Licensor has the power and authority to revise the rules when necessary and Licensee agrees to comply with said revisions. Failure to comply with the provisions of this paragraph will be considered a violation of this Agreement.

22. Licensee will immediately provide to Licensor the name and address of any entity, whether it be a Licensee or non-Licensee, that

engages in the mislabeling of Idaho® potatoes, the fraudulent designation of origin of any potatoes as Idaho® potatoes, the misrepresentation of variety of Idaho® potatoes, the use of the “GROWN IN IDAHO®” and “IDAHO®” certification marks by any non-Licensee and/or the use of the certification marks by any entity in any manner not in compliance with the rules whenever and wherever Licensee reasonably believes that such activity is being carried on.
